## **FINALLY! Bridge Success thanks to Generous Donors and Dedicated Volunteers!**

**Hope to see everyone  
at our meeting on  
Saturday, Feb. 18th at 5:30 p.m.**

**SPRING IS COMING!**

Hopefully everyone had a wonderful holiday season and best wishes on a healthy and happy new year! At our Feb. 18th membership meeting we will be discussing road repairs, bridge maintenance, membership dues and any other membership concerns. I am looking forward to seeing everyone on February 18th @ 5:30pm at the Holmes Whaley Lake Civic Center on Rt. 292. – Aaron S. Cioppa, *President*

### **WHY WE NEED MORE DONATIONS! Watch our compelling video for the reason:**

**<https://bit.ly/3RzqA2p> (Turn sound on for full effect!)**

Please watch this very interesting, 8-minute video retrospective of the Whaley Lake Bridge Disaster to see what it took to confront the damage and rebuild what we lost. People who donated will find this extremely fulfilling to see what their contributions produced.

As a show of support and a source of inspiration for your donations, our president, Ron Cioppa, has promised a sizeable donation on the **GoFundMe** page (**<https://gofund.me/3d3123b5>**) despite having a young family to support with long hours on a laborious job. He hopes his donation motivates you to donate more.

Since the installation costs for wood, steel or stone guard rails were equivalent, the Board approved the use of beautiful granite donated by Rick Wilson who spent many weeks researching the available options.

If you cannot donate monetarily, your "in-kind" donations of physical effort to help clean our beaches and stream beds of debris; cut and move piles of wood washed downstream or from fallen branches and trees inevitably during every storm; are also very much appreciated. Another way to donate would be to get email addresses for our list of missing members (list available on request.)
